CRUISIN' 87'

The theme of this year's annual, "Cruisin", is based on an activity that most of our high school students enjoy. Because we live in an area that doesn't have many organized evening activities, the youth of the county spend their weekend hours on the main streets of Delphos and Van Wert. To save on gas and also to get the latest run down on gossip, the "cruisers" stop in front of the bank.

This is the book.
Read it in good health.

The class of 1981 enjoyed three class trips this year. They toured the capital building in Columbus, and the Henry Ford Museum in Deerborn, Michigan. Because of rain, the tour of the village in Deerborn was hindered a little. But, everyone knows the class of '81 makes the best of all situations.
In May, the class went to Cedar Point. All the students and advisors has a great time, and everybody agreed they wished they could do it again sometime.

CLASS OF 81

Pic 1-Ronna Allen helps Dave Shcwartz pin on his rose before the ceremony. Pic 2-Class President Rick Ashbaugh and Salutatorian Todd Morris study their notes for their speeches. Pic 3-Cathy Unterbrink gives classmate Corinne Arnold a good-bye hug. Pic 4-Junior Class Honor Guide, Alesia Yakos helps out some of her graduating friends.

On May 24, the Class of '81 marched into a jam-packed gymnasium on their way to an empty stage. For many of them, the music was too slow and they wanted to start sprinting up to the stage. But for others the music was too fast and they didn't even want to ever get to the stage. Too slow or too fast, they did finally get up to the stage. In front of them were, what seemed like, millions of people just staring at them. Many people smiling, some laughing, and some crying. Reverend Mahlmann started the ceremony with a prayer. Five seniors then made their last appearance with the choir. Reverend Joseph Harr gave the class sermon which was of interest to all. The seniors then made their last appearance with the band by playing the song they had voted for "Momentations".

Next was the student speakers. Salutatorian Todd Morris gave a very interesting speech with a beautiful poem to end it. A relative in the audience voiced his concern at the lack of enthusiasm of the crowd. Valedictorian Phil Summersett then gave a very inspiring speech that got a warm reaction from the crowd. Class President Rick Ashbaugh then gave his speech and wished everyone of his classmates the best of luck. Senior Awards were then presented by Mr. Shade and Mr. Schellhouse.

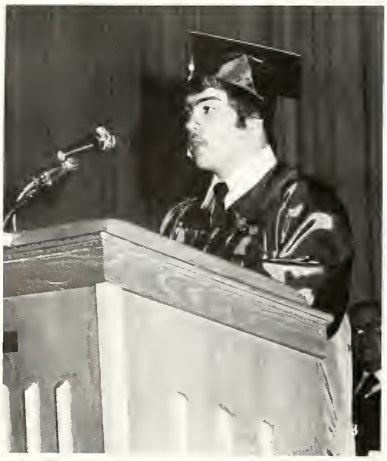
Pic 5-Three friends start to get ready for the big moment when they will graduate and be on their own.

Then the big moment; the presentation of the diplomas. Everyone was wondering if they would fall walking across the stage or maybe be in the wrong order. But no one was and everything went smooth. Rick Ashbaugh and the class accepted the diplomas. The alma mater was then sung and everyone walked out at a steady pace to the music.

All in all it was a very beautiful day.

For some it is now on to college; others it is straight to work; and for those very few it is to a life of marriage. No matter what each one goes on to, I am sure each and every one of them will succeed. For the Class of '82, now *they* are the bosses of the school and next year this will happen all over. Many friends have left but we all hope they come back and visit us.

From all of us on the Annual Staff, we wish the Graduated Class of '81 the Best of Luck in whatever they do with their lives.



Pic 1-Valedictorian, Phil Summersett gave an inspiring speech that touched everyone. Pic 2-Salutatorian, Todd Morris gave a speech that was unusually intelligent. (Maybe somebody else wrote it?) Pic 3-Class President, Rick Ashbaugh speaks to a fully-filled gymnasium. Pic 4-The 1981 Graduating Class of Lincolnview nervously await the receiving of their diplomas. Pic 5-Many people received awards and Scholarships during the ceremony. Mark Baker is shown receiving an award for outstanding work in Science and Social Studies. Pic 6-Kathy Doner is congratulated while handed her diploma by School Board President Roger Eversole. Pic 7-The experience of graduation affects everyone differently.

1981 PROM-"THE BEST OF TIMES"

Tim Fr[illegible]oth, building props.

Rich Jellson & Fred Gillespie.

On May second, the Junior class gave the class of 1981 one of the most beautiful proms ever. The entire Jr. class spent several nights preparing the decorations. The theme of Prom for this year was, "The Best of Times." The entire gym was dominated by an authentic looking gazebo, a waterfall, and many live trees. Colorful murals depicted a sunset and a waterfall. Blue crepe paper with silver stars highlighted the false ceiling. A pond with a spraying fountain was located in the middle of the dance floor.

Dancing was from eight to twelve to the music of SUNDOWN. Tired dancers sat at tables along a terrace.

Six sophomores served the refreshments which consisted of ice cream, potato chips, candy bars, and pop. The food, along with programs that looked like newspapers, could be picked up at the news stand.

GOLFERS END FINE SEASON TWO SENIORS IN THE LEAD

Scott McCleery and Phil Summersett were honored the titles of top two golfers for the 1980-81 school year. They contributed their fine abilities to add to the teams' success.

The team won 20 of their 27 season games. In Northwest Conference action they placed 3rd out of eight participatint teams. At sectionals they received top honors of 1st place.

In an interview with Coach Rohrs he was asked how he thought his golfers did this season. He replied, "They did as well as I thought they would." He thought they couldn't have done better.

Several incidents highlighted the season such as Donnie throwing his clubs in the tree, or when Greg lost his clubs in the bond. It was said that Mike Johnson loves to stuff himself before and after the games.

A highpoint of the season was when they beat Crestview and placed second in the league. They also took pride in winning sectionals. The team was disappointed when they lost to Paulding to fall in league tie with Upper Sciota Valley. They would have appreciated a better showing at districts but overall we should all give the golf team a thanks for the tremendous job they did this season.

Corinne Arnold finished her final year on top. She placed first in class A hurdles in the state. Her time of 14.6 in the semi-finals was a new Lancer record and personal best. In the finals, Corinne ran a 14.75. She also qualified for Columbus in the 800m run, and 400m dash. Corinne didn't place in either of those races.

Top left-Steph Girod comes to the finish line of the 220 m. dash. Top right-Lisa Gilgenbach and Elaine Speer chow down after a hard days track meet. Left-In the 2 mile relay, Linda Friemoth hands off to Val Thatcher who is the last leg of this relay. This season was a year of uncertainity for the Lancer girls track team. The team lost two excellent runners from the year before and were faced with inexperience. But, all the girls and Coach Arnold knew that with hard work and determination they could achieve a good season. They started the season with a close defeat to Ottoville, but bounced back to a second place finish at the Bearcat Relays. From then on, the girls only lost to Paulding, Lepsic, Edgerton, and Parkway. The girls highlighted their year by finishing fourth in a strong Northwest Conference meet and sixth at the Bath Invitational. The LHS girls track team can certainly be proud of the good season they achieved. School record breakers for this year-Mile relay team-time 4:25-Keri Johnson, Missy Sinning, Joanne Arnold, and Corinne Arnold. Two mile relay team-time 10:35-Missy Sinning, Val Thatcher, Linda Friemoth, and Lisa Gilgenbach. Also Corinne ran in the Toledo Blade Relays winning 100 m. hurdles, 400 m. dash, and 800 m. run. She was distinguished with the Most Valuable Performer trophey. We are Proud!

Some of the highlights of the year included Bryan Lewis winning the 110m HH at the Wayne Trace Invitational, finishing third in the same race at the North West Conference meet, and Matt Woodyard placing fourth in the 3200m run at the WT meet and sixth at the Bath Invitational. Woodyard also crashed through the school record in the 3200m run with an excellent time of 10:01. This beat the old record by ten full seconds.

CRUISIN' NEWS

Lincolnview high 1980-1981 Free

School

The third day of school started out as a scorcher and only got hotter. Upon arrival at school, the students were treated to a big surprise, No Water! The students made it thru the first day fairly well. A local business had provided bagged H_2O for the students. This water was not only warm, but it also tasted like a plastic factory. The second and third days grew continually worse. The students survived the drought fairly well. The drought did serve one purpose. It showed that the Jr. and Sr. High students can survive anything. Whenever the East or North buildings have a water problem, school is cancelled for that school.

The high school students also survived bitter temperatures during the winter. There were many days that the students and faculty had to wear heavy coats and mittens to keep warm. It seemed like the school had forgot to pay the heating bill.

A much needed 8 mill operating levy was passed by Lincolnview voters in the November general election. Without this additional money, many activities would have been cancelled. "Thanks Mom and Dad!"

On July 5th, while most of the county was still resting from all the July 4th excitement, a clean up crew was frantically trying to repair a disaster. Mother Nature had brewed up a storm that had again taken the gym roof off. Windows were blown out and giant trees had been ripped out of the ground. The estimated storm damage was over one hundred thousand dollars.

Under new management, the school newspaper's name was changed from Lancer Views to Lancer Lingo. A contest was held to select a name. After sorting through what seemed like hundreds of nominations, the staff, under the supervision of Mr. Price, selected Ms. Rosevink's entry as the winner.

The 1981 Boys track team made a startling discovery this year . . . They found that they had the ability to win. This is the first time in many years that the boys have had a winning season. Good Job Boys!

In Memoriam

1979-1980 was the last year for G.A.A. at Lincolnview. Mrs. Williman, the advisor, was forced to terminate the program because of lack of interest. G.A.A. donated many articles of sports equipment to the school.

Many thanks to Mr. Grilliot, Mrs. Sanderson, and Mr. Shade for their many years of service to Lincolnview. They are all retiring this year. Good Luck in the future.

The 1980-81 Science Club sponsored the annual science fair. Many hours of work were put into the planning, and everyone involved agreed that it was a hugh success.

All the high school science students and the eighth grade students were required to participate in the science fair. Doing a science fair project involves choosing a topic related to science, researching and topic, performing an experiment, and presenting the project. This type of assignment mandates many weeks and in some cases months of work.

In the high school, 10 students received superior scores. To get a superior the student has to accumulate 36-40 points. Neill Germann, Todd Hunt and Corinne Arnold all were awarded a perfect score of 40. Sixty-six students received excellent scores, which means they accumulated 35-24 points. To get a good, students must be awarded 23-12 points. Forty-two projects received this, and 8 students received a satisfactory score.

If the student's project received a 30 or above at the local science fair, he was eligible to go to the district science fair. Twenty-three students qualified to participate. If a score of 36 was achieved at the District Fair, the student was eligible to go to the State Science Fair. Neill Germann, Mark Amerman, Todd Hunt, Mark Eversole, Yvonne Adam and Randy Ashbaugh qualified.

Students with outstanding projects often compete at the regional science fair. At this fair, the students are judged very competitively. The top two projects in the physical and biological science categories are honored by attending the International Science Fair in Milwaukee, Wis. Lincolnview can be very proud again this year, senior Neill Germann participated in the International Science and Electronics Fair.

Congratulations Neill and all the students who participated in the 1980-81 Science Fair, for a job well done.

OLYMPIC DAY

Olympic day started out cold, but everyone warmed up getting involved in all the activities. As usual, nobody ever heard the final score but it was close between the Juniors and Seniors. Vaudeville 1981

Vaudeville 1981 was presented on March 25, 27, and 28. This year's theme was "This Land is Your Land" This event is put on by the Lincolnview Band Boosters every two years. They use the money made by this project to purchase items for the band. The show this year was divided into 7 parts. They did a selection of songs from the east, south, north, and west. Also, presented was a children's corner, a religious section, and also a patriotic section. During the children's corner the audience received a visit from Miss Piggy, Kermit the Frog, and Animal, all of the famous Hollywood musical the "Muppet Movie". Besides the singing of the choirs there were solos done by Doreen Ulrey, Dick Mason, Henry Germann, Kris Zibrowski, Kermit, Miss Piggy, and Animal. Also, Jack Brincefield (who tried so hard to be humble) and Carol Doner and Lisa Heath. Besides all the singing there were interludes of dancing and skits. This year's dancers were: Connie Lloyd, Denise Scheiderer, Lori Thompson, Bonnie Evans, Brenda Evans, and Kathy Schaadt. Some of the skits included were "Noah", Phil Scott learning how not to change a diaper, and also a special guest star performance by the famous "Hen House Five" (Bonnie Evans, Brenda Evans, Carrie Jellison, Carol Saylor, and Kathy Schaadt.

Alot of thanks from Mr. Upton and everyone else involved go to Marilyn and her assistant, Pauline Weldy. Everyone was honored by a drum solo by Animal. Alot of people noticed the resembiance between animal and Donnie Fisher, the drummer in the stage band for the event. As you see in Pic-2 every body enjoyed his performance. Pic-3: Lincolnview's own study hall monitor got into the act. Mr. Bauer did a reading about the old south with the help of Dan Etzler's dog and a moon shine jug. Pic-4: "The Hen House Five" did one of their famous hit songs while doing their version of the funky chicken. Everyone enjoyed the evening and had a party to celebrate at the Whistle Stop Inn after Saturday night's performance.

THE Ambassadors

Above is Mrs. Janet Myers. She is Mr. Kirkendall's secretary. She answers the phone, types, and fills out alot of forms. When asked what she dislikes about her job she said, "filling out tuition forms." She especially likes helping Michael Owens with the treasurers duties.

Mrs. Alice Neer is the all around secretary in the high school. She's Mr. Shade's personal secretary plus she tries to help the students however she can. She really likes her job but hates when kids get in trouble and she can't help them. Mrs. Neer is a cheerful addition to the principals office.

JUNIOR HIGH

CLASS OFFICERS

Each year the Junior High hold cheerleader tryouts to choose five girls and an alternate from each grade to lead spirit for the boys basketball team. Along with the cheerleaders, they also organize a pep club. This group consists of all seventh and eighth grade students wishing to be recognized as team spirit raisers. They are an important part of the Junior High spirit and are led by Mrs. Bev Sanderson.

The beginning of the sports seasons were a big deal for the Junior High. The sports offered for them were boys and girls basketball, boys baseball and a new addition boys and girls track.

Two dances were scheduled for the Junior High. This year there was a Christmas dance and a Valentine's Day dance. As is the custom, a king and queen, and prince and princess were crowned during the Valentine's dance.

Special days were held throughout the year. Spirit Days helped to promote school spirit by having all the students wear spirit buttons or by dressing in blue and gold. Slave day is also a tradition for the Junior High at Lincolnview. The eighth graders are masters and the seventh graders are their slaves.

Science fair was held for the eighth graders. The students used their own scientific ideas to win awards, (good, excellent, and superior).

Intramural sports were a part of the year for the Jr. High lunch periods. The students showed great enthusiasm for a number of sporting events.

Each year a spelling bee is held for the Junior High. This year's winner was Rhonda Storck. Rhonda Storck placed 5th in the county spelling bee. Kelly Dickman placed first in the DAR Essay Contest and was awarded a medallion and a certificate. Mike Lehman placed second in the district.

Seventh Grade Officers are as follows: Top-Steve Ritchie; vice president, Middle-Michelle Neat; treasurer, Maureen Blankemeyer; secretary. Bottom-Tiffany Thatcher; president.

Eighth Grade Officers from left to right: Beth Jones; secretary, Mike Lehman; vice-president, Adrienne Elliot; treasurer, Robbie Thompson; president.

This was the first year for Junior High track at Lincolnview High School. Mr. Collins accepted the duty of coaching the newly formed teams. Each one of the team members was allowed to try each of the track events that are run at a regular high school track meet. After Coach Collins evaluated the runners, he then placed them in the events that he thought they could do the best in. The two teams only participated in one meet. It was the 1981 NWC Junior High Track meet. The Lincolnview teams entered the competition with a slight handicap; they were the only school that had not participated in a previous meet. But the teams faired fairly well. The girls placed fifth over all and the boys placed a strong last. The Athletic Department is going to try to schedule more meets next year to give the young runners more experience.

The Junior High Baseball team consisted of: sitting, Doug Shinabery, Greg Leeth, Eric McCracken, Todd Stemen, Rob Thompson, and Rick Snyder. 2nd row: Eric Metzger, Eric Overholt, Craig Thatcher, Clint Myers, Mike Lehman, and stat Kelly Dickman. 3rd row: John Rist, Eric Agler, Rick Cashel, Mike Kimmey, Darren Ireland, and Rod Bowersock.

The Junior High Baseball team had two new coaches this year. They were Mr. Hoaglin and Mr. Clay. The team practiced most of the time at the North building diamond because the high school team used both of the high school diamonds. The weather played hanky-panky with the baseball schedule this year. There were many games that had to be rescheduled two or more times because of rain. And many of the rescheduled games never got played.

Pic 1 on page 113-The junior high boys and girls were acknowledged for their participation in sports. Their awards didn't come in, so the members of the teams stood up in the crowd.

OLYMPIC DAY was organized by Mr. Price. The junior high participated in such sports as sack races, long jump, ¼ mile relay, ½ mile relay, 3 legged race, softball throw, mile relay, and 100 meter dash. The day was a lot of fun and they did various other activities besides those offered for Olympic Day. Pic 2-Jackie Girod was seen running away with the show for the 7th grade in the 100 meter dash. THE EIGHTH GRADE CLASS SPONSERED THE ANNUAL CHRISTMAS DANCE

The Jr. High danced to music provided by Neil Germann and Chris Overholt.

Mr. Arnold and Mr. Holp served not only as chaperones, but also as judges of the girl chase boy races.

During a "girls' choice" dance, several boys wait in vain to be asked.

The Jr. High pretend they are "SO SHY".

Tiffany Thatcher, Michele Neate, and Tyson Thatcher show that they have "chow power".

The Jr. High students bring a touch of Saturday Night Fever to the dance floor.

Steve Oberlitner and Wendy Baer show that size does not matter.

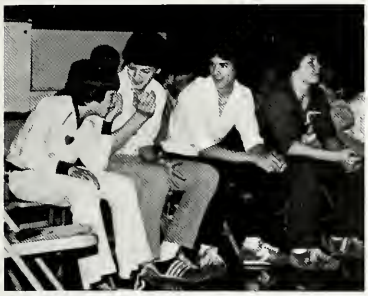
Heart shaped cookies and candy hearts highlighted the snack bar.

Craig Thatcher and Michelle Adam were crowned prince and princess; Brad Schwartz and Beth Jones now reign as king and queen.



Some eighth grade boys discuss the candidates for queen.

A few Jr. High girls boogied to "Celebration".

Eric McCracken's eyes glitter while dancing with the seventh grade princess.

"The Rose" provided a nice background for the new court's dance.

Even the crepe paper can't keep the boys away from the girls.

OUR FOREIGN COMMUTERS

Lincolnview High School was very lucky during the 1980-81 school year. Marco Ferreira, Katrin Ludowig, and Pal Borresen attended LHS as foreign exchange students.

Marco is from the capital of Paraguay, which is Asuncion. He is the oldest child, but has two brothers and one sister. His family in the United States are the Lt. Scott's. Marco liked Lincolnview very well. He thought it had friendly people and that it's sports were fun. Although Marco has enjoyed himself in the USA, he is looking forward to the warm weather with no snow back home. Once Marco returns he plans to read the diary he kept of his American friends.

Katrin is from Wunsturf, West Germany. She also liked LHS, and the sports it offered. Katrin said that there was a good student-teacher relationship here which is different than her country. She is the youngest child and has one brother. Katrin's family here in the States was Dean Swygart and family. "The weather in West Germany is warmer," said Katrin.

Pal's hometown is in the suburbs of Oslo, Norway. He lived with Lt. Scott and his family also. Pal participated in cross country, wrestling, baseball, safety council, and Junior Achievement during his stay at Lincolnview. Pal commented that the land was much flatter in Van Wert County than in Norway. He also said that the prices in American were much less expensive than in Norway. Pal lives with his mother, one brother and two sisters.

All the students of Lincolnview wished that next year LHS has as friendly, fun, and nice exchange students as this year.

THE STARR COMMONWEALTH SCHOOLS

Albion, Michigan
Van Wert, Ohio
Columbus, Ohio

In this picture the students are showing one of their many money making projects. They use the money for very worthwhile causes.

The pupils of the Starr Commonwealth Schools are active in the "Head Start" program of Van Wert County. Here you see one of the boys teaching one child to tie his shoes. Another of their many projects is cheering the lives of the elderly at the surrounding nursing homes.

"Uncel" Floyd Starr shaking hands with the students on a visit to the Van Wert Campus.

Starr Commonwealth for Boys was founded by Floyd Starr in 1913 at Albion, Michigan, and in 1951 a campus was established near Van Wert, Ohio. Situated amidst the natural beauty of a wooded 40 acre country estate, the Van Wert campus provided an intensive total living-learning environment for 48 adolescent boys. While having the qualities of a small private boarding school, Starr Commonwealth also provides an intensive therapeutic environment for youth who have not realized their fullest potential because of social and behavioral problems.

3 TEACHERS

RETIRE

Mr. Grilliot attended Versailles High School until he was drafted in his Senior year. After W.W. II he decided to go to college to get his right mind back. He graduated from Xavier Univ. in Cinn. with a B.S. degree. He's been teaching for 28 yrs. and received 2½ years credit in the army. Before coming to L.H.S. Mr. Grilliot taught at Lima St. John's for 2 yrs. and at Fort Jennings for 5 yrs. He's coached about everything and has led Lincolnview onto many victorys. He and his wife Josephine Ann have five children. He commented that he taught for the kids and in return the kids treated him super. Also, he commented that the community was great and the parents have really stood behind him. Mr. Grilliot taught more then what was in the books. He taught his students about life and made them look at the way they were headed. Thanks Mr. Grilliot!

Mr. Shade graduated from Lima Shawnee. After high school he attended a variety of colleges. He received both his B.S. degree and his masters degree from B.G.S.U. Mr. Shade started his career in teaching in the Lincolnview school system and also ended it there. His first job was at York, which is now Lincolnview South. After that he went to Marimont High school where he was ass't principal for 15½ yrs. Then he came to Lincolnview to end his career after 13 years. He and his wife Nan have four sons; Nyle, Gary, Donn, and Mark. When asked about his years at Lincolnview he commented that he enjoyed his stay here and that he worked with some really top notched people. He also said that he hoped the program here at Lincolnview benefited at least 90% of the people involved.

Mrs. Sanderson graduated from Grover Hill High School. She then graduated from Defiance College. Her first teaching jobs were at Haviland and Scott which are now part of Wayne Trace. She has spent 28 yrs. of full time teaching and 2 yrs. of substitute teaching. Most of these years have been spent in the Lincolnview District. Teaching must run in Mrs. Sanderson's family because her husband Robert; and her two kids, Stan and June, are all teachers. She commentthat her years at Lincolnview have been great and that she's worked with the best bunch of kids there is. She also said that she feels that the kids taught her as much as she taught them. She and her husband plan to spend their winters in Florida and the summers in Michigan. Good Luck to all three of you and may God Bless!
